## EDUCATION

|                                                                                                                         |                               |
|-------------------------------------------------------------------------------------------------------------------------|-------------------------------|
| <b>Kalasalingam Academy of Research and Education</b><br><i>B.Tech in Computer Science and Engineering   CGPA: 9.14</i> | Tamil Nadu<br>2023 – 2027     |
| <b>Narayana Group of Institutions</b><br><i>Board of Intermediate Education   Percentage: 95.1%</i>                     | Andhra Pradesh<br>2021 – 2023 |
| <b>Sri Chaitanya Techno School</b><br><i>Board of Secondary Education   Percentage: 100%</i>                            | Andhra Pradesh<br>2020 – 2021 |

## PROJECTS

### Lost and Found using NLP Features

- Developed a web-based platform to help university students recover lost belongings efficiently.
- Implemented NLP techniques to match lost and found item descriptions accurately.
- Built a responsive interface with secure backend and database management.
- **Tools & Technologies:** HTML, CSS, JavaScript, Flask, MySQL

### Disease Predictor using MachineLearning Model

- Created a machine learning-based system to predict diseases from user health inputs.
- Used Logistic Regression to achieve approximately 90% prediction accuracy.
- Designed a full-stack application to improve early health awareness.
- **Tools & Technologies:** React.js, Node.js, Logistic Regression, SQLite

## TECHNICAL SKILLS AND INTERESTS

- **Languages:** Java, Python, HTML, CSS
- **Developer Tools:** Node.js, Express.js, NGNIX,
- **Frameworks:** Flask (Basics)
- **Cloud / Databases:** SQL
- **Soft Skills:** Teamwork, Communication, Creativity, Leadership, Problem-Solving
- **Coursework:** Web Development, UI Designing, Problem Solving
- **Areas of Interest:** Web Developer, Designing, Positions of Responsibility

## ACHIEVEMENTS

|                                                            |      |
|------------------------------------------------------------|------|
| • Achieved 1st Place in the GYAN MITRA Hackathon           | 2026 |
| • Got an Offer Letter from Learnflu as a Campus Ambassador | 2025 |
| • Secured Top 10 position in GeekFest                      | 2024 |
